SHIPYARDS INCREASE OUTPUT

EXUDLES PREWAR PRODUCTION -- Taegliche Rundschau, No 41, 17 Feb 50

The people-owned shipyards in Dessau-Rosslau are equipped to build wix ships at a time, and one ship per fortnight is released from the construction dock. According to Kuenzel, technical director of the shipyards, prewar production has been more than doubled. At present, the enterprise employs 1,400 workers, and it is planned to increase this number to 2,000, including 700 technicians.

UTPUT UP 250 PERCENT OVER 1938 -- Taegliche Rundschau, No 55, 5 Mar 50

The first deer sea-fishing lugger completed in 1950 has been launched y the people-owned shipyards in Rosslau. Other 400-ton ships will be built this year.

The current production output of the shipyard is about 250 percent in excess of 1938 production. An increase of from 600 to 2,000 workers will be required for further expansion.

LAUNCHES FISHING VESSELS -- Taegliche Rundschau, No 55, 5 Mar 50

The Damgarten Shipyards on the Bodden River have laurched eight fishing cutters.

In March the Boizenburg shiryards on the Elbe will launch the second lugger this year.

LAUTICHES 2D FISHING LUGGER THIS YEAR -- Taegliche Rundschau, No 28, 9 Feb 50

The second fishing lugger this year has been launched by the Neptun Shipyards in Rostock. The shipyards plan to build an additional 45 luggers during 1950.

SOVIET STEAMER DOCKS IN WISMAR PORT -- Maerkische Volksstimme, No 54, 3 Mar 50

The Soviet steamer Akademika Kanpinski docked in the port of Wismar and unloaded 1,200 tons of grain for the German Democratic Republic.

TO BUILD 24-METER CUTTERS -- Taegliche Rundschau, No 51, 1 Mar 50

The Rostock-Gehlsdorf shipyards, which heretofore built only 17-meter cutters, will also build 24-meter cutters during the current year. The shipyard's 1950 schedule calls for the construction of ten 24-meter and ten 17-meter cutters.

ORDERS REREGISTRATION OF ALL SHIPS -- Taegliche Rundschau, No 45, 22 Feb 50

On 30 January 1950, the Minister for Transportation issued an order requiring the reregistration, on or before 31 March, of all freight and passenger ships, including vessels suitable for coastal service.

Registration will take place at the Inland Waterways Directorates in Berlin and Magdeburg and at the Bureaus for Waterways in Dresden, Stralsund, and Rostock.
